

“The Monster of Elmore Forest”

Two young boys and their older college student sister discovers a ghastly beast while walking in the Elmore Forest of Uncanny PA that finds an interest in their sister, as part of a bigger nefarious plot. The three have to discard their superstitions of monsters that hunt us in our nightmares and face the real monster in front of them.

ANDY STRADER: German African boy age 10, abnormally smart for his age and a natural born leader. He is brave and courageous.

Andy SIDES SCENE 1: This scene is a voice over where Andy is explaining what happened to a county officer:

ANDY (V.O.)

(serious)

I remember everything. It was this afternoon. My brother talked me into going near the Appalachian Trail. Our friends, my brother and I played there many times. The forest is so fun! If we weren't playing games with our friends, we were hunting and if we were lucky we would find salamanders, gardeners snakes, crawfish, and sometimes even frogs!

Andy SIDES SCENE 6: This scene is when the parent's leave the kids alone to discuss the strange events that happened earlier in the forest.

Mr. Strader walks out.

ANDY

What are we going to do?

MAXINE

Not sure.

ANDY

You think it's true?

JERRY

Can I tell you two something. A secret?

MAXINE

Sure.

JERRY

A big secret that could get us all killed?

ANDY

What are you talking about?

JERRY

Officer Tackelback. I think he is the bigfoot.

MAXINE

There was no bigfoot, and the two girls are probably fine. It's all coincidental.

JERRY

No, there is something strange about him.

ANDY

About who? Officer Tackelback? Like there is something strange about you.

JERRY

I am serious. When I went back for my berries I noticed that he ate them and he didn't have any shoes on.

ANDY

What?

MAXINE

I am out.

Maxine opens the pizza box, grab a couple of slices and walks out.

JERRY

He had mud on his bare feet.

ANDY

Yea real creepy.

Andy opens the box, takes an additional two slices and walks away.

JERRY

You'll be sorry!

ANDY (O.S.)

All ready am.
